

# FOR IMMEDIATE RELEASE

## Finchloom Celebrates Over a Decade of Excellence as a Newly Minted Microsoft FastTrack Partner

Westlake Village, California – April 18, 2024: With over 11 years of industry leadership, Finchloom proudly announces its latest milestone as a Microsoft FastTrack partner. This designation marks a significant achievement in Finchloom’s history, underscoring its unwavering commitment to delivering top-tier consulting, deployment, adoption, and migration services.

Specializing in Modern Work, Teams Phone, Azure, Security, and AI, Finchloom is dedicated to propelling businesses into the future with smart, secure, and scalable Microsoft solutions.

### Client Advantages with Finchloom:

- **Efficient Deployment:** Experience rapid and reliable deployment of Microsoft technologies with Finchloom’s expertise.
- **Superior Collaboration:** Enhance teamwork with Finchloom’s Modern Work and Teams Phone solutions, designed for the modern, connected workplace.
- **Advanced Security:** Protect your enterprise with robust security solutions that safeguard your operations without hindering performance.
- **AI Innovation:** Gain a competitive edge with AI insights and automation that optimize business processes and decision-making.
- **Expert Support:** Access Finchloom’s dedicated professionals for comprehensive support throughout your digital transformation.

“Joining the Microsoft FastTrack program is a testament to our team’s hard work and our deep expertise in Microsoft technologies,” said Jim Richardson, CEO/Founder of Finchloom. “For more than a decade, we’ve been committed to enabling our clients to achieve more with our tailored solutions. This partnership is a natural extension of our mission to deliver excellence.”

**About Finchloom:** As a 100% Microsoft-focused Cloud Services Provider (CSP) and reseller, Finchloom offers Microsoft 365 and Azure Subscriptions and services. As a Microsoft Gold Partner, Finchloom provides professional managed services to mid-market and enterprise customers throughout the United States. Finchloom’s extensive knowledge in Teams, Azure, AI, Phone, SharePoint, and Security equips them to offer a diverse range of services, including project design, implementation, management, augmentation, license and security audits. Finchloom empowers clients to innovate and collaborate with the best in Microsoft engineering.
